88th YEAR

GETTYSBURG, PA., WEDNESDAY AUGUST 15, 1906

NO. 51

COUNTY CHAIRMAN MILLER

RE-ELECTED TO LEAD FIGHT FOR GOOD GOVERNMENT.

The Ticket Nominated will Have Enthusiastic Support of Democrats and Reform Elements.

A representative turn out of the County Committee elected on August 4th met on last Saturday at Globe Hotel in this place to perfect an organization for the campaign ahead. From every part of the county they brought information that the Democratic ticket nominated will be enthusiastically supported not only by Democrats but by a large number of citizens regardless of party.

It is recognized that the ticket nominated is one in the interests of good government and a protest against the corrupt machine politics of the State. With David H. Guise in the Legislature Penrose will get no help in his plans for re-election and Lewis Emery, Jr., as Governor can depend upon Adams to vote for all the reform and good government laws. The county ticket is recognized as one standing for faithfulness and conscientiousness in the discharge of duty, and one that will not only continue to correct abuses but also maintain good government in the county.

County Chairman S. Miley Miller called the new Committee to order about 10:30 a. m. and E. A. Weaver was chosen temporary Secretary. The first business was declared to be to perfect an organization.

S. Miley Miller was nominated for position of County Chairman of new Committee. He was elected unanimously by acclamation. It is recognized by every Democrat that Mr. Miller has proven to be one of the best Chairmen the party has had for years.

He is tireless and indefatigable in his efforts. He does not sit still and wait for some one else to do the work that would never be done. He goes to work strenuously himself and infuses enthusiasm in every one with whom he comes in contact. He attended the Democratic Convention that nominated Lewis Emery, Jr., and helped in the great work that ended in the nomination of the present Democratic State ticket and stands squarely and enthusiastically on the platform for reform and good government. Adams county Democracy can feel an intense gratification that Mr. Miller is in the saddle as Chairman for the fight this fall.

W. E. Kapp, a Biglerville Democrat always ready to do yeoman service for his party was unanimously re-elected Secretary of the Committee and J. L. Williams, Esq., Treasurer.

A motion was then made for the appointment of a Committee on Resolutions and Chairman Miller named Thomas G. Neely, Esq., of York Springs, W. Howard Dicks of Reading, Harry Riddlemoser of Franklin, J. A. Appler of Mountjoy and Wm. Dillman of Mountpleasant. This Committee retired and brought in the following resolutions which were unanimously adopted:

Resolved by the Democratic County Committee of Adams county assembled in Committee meeting this 11th day of August, 1906.

1st. That we heartily endorse the resolutions passed by the recent Democratic County Convention, and join therein in demanding that the graft uncovered at the Alms House be fully published for the information of all citizens, and that the same be laid before the District Attorney and the County Detective for their action.

2nd. We recognize the candidates nominated on our county ticket as honorable, upright and honest men and who if elected will bring integrity and good judgment to the discharge of their duties, and we now pledge to each of them the earnest and united support of this Committee and of each member thereof.

Thomas G. Neely, W. Howard Dicks, Jacob A. Appler, H. E. Riddlemoser, Wm. A. Dillman.

A motion was made for the appointment of a committee of five by the Chairman to revise the party rules so as to conform to recent legislation regulating nominations and elections and

report the rules to the next meeting of the Committee this year for adoption. The following were named for this committee, David Thomas of Arendtsville, C. C. Bream of Gettysburg, Jacob Morrison of Straban, Geo. W. Grist of York Springs and Dr. Geo. L. Rice of McSherrystown.

A motion carried that the Chairman appoint three citizens to represent the Adams county Democracy at the reception to be tendered Wm. Jennings Bryan upon his arrival in New York from his tour around the world. The Chairman named the following, Ed. A. Weaver and Hon. Wm. T. Ziegler of Gettysburg and Dr. Geo. L. Rice of McSherrystown.

After a motion empowering the Chairman to create an executive committee of four with himself as chairman of same the new County Committee concluded the work of organization.

Murder Near Emmitsburg.

A murder was committed in the mountains near Emmitsburg on last Wednesday. The locality in which deed was done is known as Eyer's Valley between Emmitsburg and Sabillasville. Bad blood existed between the Smith and Debold families living within a quarter mile of each other. Geo. Smith, the father, started to take a lunch to his two sons working on the W. M. R. R., his wife going along, Edward Smith living in Hagerstown had gone to his home place that day to pick berries. John Debold and his son Fred Debold coming upon Geo. Smith and wife held them up with a shot gun. Mr. Smith got out of the wagon to save his wife being in line with gun. Edward Smith hearing the loud talk hastened to the scene and ordered the Debold boy to put up his gun. It is said the father then ordered his son to shoot him. The contents of the gun were emptied into breast of Edward Smith killing him instantly. The Coroner's Jury returned verdict of murder against Fred Debold with John Debold as accessory to the crime. John and Fred Debold were arrested, brought to Emmitsburg and then taken to Frederick. The murdered man was about 34 years old and leaves a wife and five children in Hagerstown.

Sales of Real Estate.

John A. Duttera and Amos M. Duttera, executors of James C. Duttera, sold the real estate of decedent advertised in COMPILER, 160 acres and 11 perches in Mountpleasant township to Amos M. Duttera at \$50 per acre. House and lot in White Hall to Edward Parr at \$1290.50. Five acres of timberland in Union township to Amos J. Bair at \$364.25.

David J. Sell, executor of Wm. Sell, late of Union township, sold farm of decedent of 28 acres and 155 perches to Milton Kump at \$2,150. A wood lot of 2 acres and 125 perches was sold to Emanuel Sell at \$100 per acre.

The 74 acre farm of the late Mrs. Polly Harbold near Hampton was bought at public sale by John Nickey of Hampton at \$1,800.

E. P. Miller of Gettysburg has sold his farm north of Abbottstown, 35 acres to Charles Albert of Hamilton township for \$3,500.

Amos Day purchased the Jacob Day property at Idaville at public sale for \$716.

All Out for Band Concert.

The first public concert by the new band of Gettysburg under the leadership of F. M. Harmon is due on next Saturday night. It will come off in the Diamond. Some of the band boys may be nervous over the event but there is no need for any such feeling. Practice drills guarantee a concert surpassing that of any previous local band. On Monday evening they held their practice at Round Top so that our people could not hear them while preparing for the concert but quite a number of our citizens followed them, so eager were they to hear them. The program will not only include marches and regular band music but also concert music, overtures and the like. All out for the band concert. Give the boys the cheer and encouragement of a big audience. If you live out of town better get here if you want to hear something good.

Cheap Pianos

Are more in demand than good ones, because most buyers are not discriminating as to quality. Dealers know this and unless it is demanded may not show you a fine piano, for fear you may not be willing to pay the price. Some dealers are unprincipled and will misrepresent the quality of a cheap piano and ask a high price for it because perchance they do not have a high grade piano in stock. If you insist upon having the genuine Weaver Piano and refuse to pay any attention to the "Just as good" kinds you can't make a mistake. Send for a catalogue. WEAVER ORGAN & PIANO CO., Manufacturers, York, Pa.

Farmers' Institutes.

The Schedule of Farmers Institute arranged by Deputy Secretary of Agriculture Martin for the County is as follows: Bendersville December 17th; Fairfield December 19-20; New Oxford December 21-22. A. I. Weidner, Arendtsville, Chairman.

KILLED IN R. R. COLLISION

CLINTON E. UNGER FIREMAN ON W. M. R. R. LOCAL FREIGHT

Caught Between Tender and Boiler of His Engine in a Rear End Collision and Instantly Killed.

Clinton S. Unger, a fireman on W. M. R. R. was instantly killed in a rear end collision at Porters on last Wednesday. A local freight was standing in front of the station in charge of engineer Frank Bailey with Clinton E. Unger as fireman. An extra freight with double header drawing 14 battleships or extra large coal cars came around the curve and crashed into the rear end of the local freight. Engineers and firemen jumped for their lives before the crash came. Unger was called to do likewise but for some reason he failed to hear or understand.

When the crash came the tender mounted the engine and pinned Unger against the boiler causing instant death. The two engines of extra freight were wrecked as also the caboose and three cars of the local and the wreckage was so piled up that it was found impossible to extricate the body until the arrival of the wreck crew from Hagerstown. The collision occurred at 3.15 in afternoon and body was not taken from wreck until 7.30 and removed at once to Hanover.

The coroner's jury found that he came to his death accidentally by being caught between the boiler and tender of the engine on which he was fireman and it was believed that the rear end collision was due to the air in the first engine or train not acting properly.

Clinton Unger would have been 27 years of age on Aug. 12 and intended to celebrate his birthday by going to Pen Mar and had determined to quit railroading, having been on road only a few months, and start for the west this week.

The funeral was held on last Friday services being conducted in Hanover by Rev. M. J. Roth. The body was then taken to Christ Church near Littlestown where further services were held by Rev. F. S. Lindaman, with interment in the church graveyard. He was unmarried and is survived by four brothers and six sisters, Nelson Unger of Hanover, Frank Unger of Tennville, Oliver and Calvin Unger of Union township, this county, Mrs. W. R. Lambert of Hanover, Mrs. Emma Blocher of Union Twp., Mrs. Eliza Messinger of near Kingsdale, Mrs. Messinger of Pennville, Mrs. Lease of near Melrose, Md., and Mrs. Sallie Fuerman of near Schwartz's School House.

Rufus Weaver, one of McSherrystown oldest citizens died suddenly on Monday morning of last week, being found dead in his bed. During the past three years he had suffered slight strokes of paralysis and had been helpless for quite awhile. He appeared in his usual spirits just before his death, eating a light breakfast. He was in his 83rd year. He had lived a number of years near White Hall and about 24 years ago moved to McSherrystown following his trade of a carpenter. His first wife was a Miss Kate Dalheimer. About 50 years ago he married Miss Louise Reider who survives him with an only son Joseph Weaver of Hanover. A brother and two sisters also survive, Edward Weaver, Mrs. Savilla Eltz and Mrs. Agnes Little of McSherrystown.

George Wagoner, one of the oldest and highly respected citizens of Mechanicsburg, Cumberland county, died on last Friday aged 88 years and 21 days. He was born near East Berlin. He learned blacksmithing from his father. He was married to Miss Anna Smith who died several years ago. From East Berlin he moved to York Springs, later to Dillsburg where he engaged in mercantile business and from there he removed in 1872 to Mechanicsburg, opening the well known mercantile store of George Wagoner & Sons of that place. For several years declining health confined him to an invalids chair. He leaves two sons, Samuel M. and Edward S. Wagoner of Mechanicsburg.

Henry David Newman, who resided along the South Mountain just over the Cumberland county line died on Aug. 1st, at age of 78 years. He lived many years in Latimore Twp., on farm now owned by Daniel Shank. He was a veteran of the Civil War. The funeral was held on Aug. 3, Rev. H. W. Christman conducting services with interment at Mt. Victory church of which he was a member. He leaves a wife, one son and two daughters, Samuel Newman at home, Mrs. Mary Melay and Mrs. John Siplinger of Mt. Holly.

Robert Burns Houslin died at home of his parents Robert Houslin and wife in York on Aug. 4 aged 10 years and 23 days. His mother was a daughter of John Albert of Latimore township. The body was taken to York Springs and funeral services held in the Methodist church of that place on Tuesday of last week with interment in Sunnyside cemetery.

Benjamin Closser, died at his

home in Union township on last Wednesday from an obstruction of the bowels aged 51 years and 4 months. He was ill about 10 days. The funeral took place last Friday, Rev. F. S. Lindaman conducting services with interment at Christ church. He leaves a wife and 14 children.

Charles Grimes, of York Springs died at the County House on Sunday from dropsy aged about 77 years. He had been a cripple all his life and had outlived all his near relatives and came to the county house about a year ago. The body was taken to York Springs for burial beside his wife.

Paul Brown, who had been kicked by a mule and received injuries believed to have caused his death died at the County Home on last Saturday aged 18 years. The body was taken by his mother to York Springs, where funeral was held.

Firemen's Convention Questions.

At Gettysburg going to be ready for the Firemen's Convention first week in October is the question agitating the minds of some citizens. It is only 50 days ahead. In that time arrangements must be perfected so that every visitor who comes may be boarded and lodged. Has the town been canvassed for every available bed or space for bed? If the space does not equal the demand have any arrangements been made for tents and ground on which to erect same. These are matters not to be left until last minute. The streets must be put in as perfect condition as possible and this means not only the main streets but every street in town. A parade of thousands of firemen and a number of engines and apparatus may need every street in town to form and march upon. The Highway Committee has been improving some of the main streets. Convention Committees should urge that the whole town be put in shape.

It is not too early for the Decoration Committee to get to work. What are to be the decorations? Decide them! Labor is scarce and if there are to be any arch ways or pillars with bunting, and special lighting the time is here to begin the work. Get a move on.

A souvenir book is proposed for the occasion and is in the hands of a committee for that purpose. They will call on many citizens and if this project is to go through there must be a helping hand and given as quick as asked.

Let Gettysburg be prepared in every way when the Firemen arrive and let Gettysburg cover herself all over with glory with the thoroughness, ease and efficiency with which the huge crowd will be handled. It is up and doing now for the next 50 days.

A LESSON IN NATURAL HISTORY

John Robinson's Circus Managerie Affordes a Comprehensive Study of Animal Life From All Over The World.

At Terrace Park, O., where the winter quarters of the John Robinson's Shows are located, the owner of this "Father of Shows" has begun the erection of a gigantic zoological garden, designed and built for the two-fold purpose of supplying his big show with wild animals at a nominal cost and to be used as an experimental farm for the cross-breeding of animals of all kinds.

The constant advance of civilization is rapidly exterminating the wild animals, and the cost of taking them alive is becoming almost prohibitive for the owners of small shows, and John Robinson sees in the success of his venture a chance to supply not only the small circuses with the animals but, eventually to be able to bid for the trade of the larger ones. It is a well known fact that this show has always led all tented shows in the matter of menagerie, and today he possesses the finest private collection of animals in the world.

The parade, which is a feature of his show, has gained the envy of all his competitors because of the number of magnificent open dens of wild animals with which it is enriched, and his long and varied experience will be a potent factor in the development of this infant enterprise.

This entire collection, involving the expenditure of nearly a half million dollars in securing them, will be seen with the big show when they come for a days engagement to-morrow Thursday Aug. 16.

Picnic.

Presbyterian church and Sunday School will hold picnic at Pfouts church along Marsh Creek on Tuesday Aug. 21. Teams leave church at 1 o'clock p. m. If day is unfavorable will go following day at 9 a. m.

Notice to Farmers.

The books of account of D. A. Conover, deceased, have been placed in the hands of the undersigned for collection. All persons indebted to this estate will please call at my office and settle.

SIX HACKMEN ARRESTED

FOR SOLICITING PASSENGERS AT DEPOT CONTRARY TO LAW

Five Paid Fines of \$2 Each Without Hearing and Sixth Fined \$2 and Costs.

There was quite a time among the hackmen at the Western Maryland depot on Monday, which resulted in the arrest of six of them by policeman Charles Kappes for being over the "dead line" as it is called, two feet from curb, in soliciting passengers. The six arrested were John E. Pitzer, Charles Sefton, Joseph Sefton, George Ziegler and George Shealer. Mr. Pitzer at once went to Burgess Slaybaugh and paid a fine of \$2. A hearing was fixed for Monday evening. At that time Joseph Sefton, Charles Sefton, George Ziegler and George Shealer appeared and each paid a fine of \$2, and there was no hearing in their cases.

J. Warren Gilbert demanded a hearing. It was given. Five witnesses were heard by the Burgess and latter then adjudged Gilbert guilty of a violation of the ordinance and fined him \$2 and the costs of the hearing. It is said that Gilbert will take an appeal and test the legality of ordinance.

It will be recalled that Town Council first passed an ordinance prohibiting hackmen from being away from their teams. This ordinance Burgess Slaybaugh vetoed. A new ordinance was passed requiring hackmen to remain within two feet of curb and forbidding the solicitation about which there has been so much complaint, following tourists and surrounding them. Monday's arrests were the first cases under the new ordinance.

Sam Smith Arrested.

Sam Smith was arrested in Waynesboro last week and was brought here and placed in jail Sunday evening. He was wanted on a charge made before Justice Hill by James L. Bigham, in which Sam Smith was charged with breaking and entering dwelling house of prosecutor in Freedom township with intent to commit a felony and with the theft of \$8. The offense is charged as having been done on July 18, 1905. The evidence is largely circumstantial. Smith however got out of the county and State and it was said he was keeping out of State to avoid arrest.

Last week he appeared in Waynesboro and the Chief of Police phoned to this place, asking whether he was wanted here on any charge. Receiving an affirmative reply, he with a constable proceeded to make the arrest. Sam was disposed at first to make trouble but finally gave up.

NEWS FROM THE VALLEY.

Buchanan Valley, Aug. 13.—Mrs. Elizabeth Strasbaugh was taken ill about a week ago and Dr. W. E. Holland was called in and found a true case of appendicitis developed. After a few days she began to improve under treatment and it was thought unnecessary to take her to the hospital for an operation. At the time of this writing she is continuing to improve. Geo. Strasbaugh of Elk Co., Charles and Edward of Altoona were summoned home in consequences of their mother's illness, but they found her improved when they arrived.

Mrs. Mary Kohl Haverstick and daughter, Mrs. Jean Wyand of Waynesboro, Mrs. John Schwartz and children of York, Mrs. Mary Melbert and son George of Columbia, and Miss Pearl Kohl of York attended the funeral of Miss Regina Cole and remained over at the home of Jacob J. Kohl.

Miss Mary Kohl formerly of this place, but now of York, also attended the funeral and stopped at Mrs. Frances Cole's of the Narrows.

John Hall who is ill, suffered great weakness during the great heat of last week.

Edward Linn left on Thursday for the west after a month's stay with his parents here.

Misses Sallie and Alice Frommeyer of near Chambersburg are spending their vacation in the Valley among their relations.

Mr. and Mrs. James Shepard, Mrs. Joseph Steinberger and son were visitors in the Valley on Tuesday.

Mrs. Louis Biezer of Pittsburg and little son Raymond paid a short visit to John and Albert Coles on Wednesday.

In a previous issue in regards to Miss Sallie Kimple's illness, I wish to say in correction, your correspondent had been partly misinformed in the statement of the case.

Mrs. Margie Tate is again at the home of her parents, Mr. and Mrs. Geo. Shepard.

While Mr. and Mrs. Albert Cole were returning home from John Cole's one evening last week and when near home a copper head snake jumped up

at her to bite her, but she escaped its aim and her husband killed it on the spot. Quite a number of snakes have been seen at night by parties walking out.

Miss Margaret Cole of Altoona was among the number of numerous visitors to the Valley last Thursday calling upon your correspondent and Miss Rebecca Young.

Mrs. Mary McLoskey is at the home of daughter, Mrs. John E. Brady having returned from Blandburg, Cambria Co., Pa., on Monday last. She intends making her home with Mr. and Mrs. Brady.

John McKenrich paid a visit to his sister, Mrs. John Becker, who was stricken with apoplexy on last Monday. She was some what improved when he was down.

Mr. and Mrs. Peter Melbert and daughter, Miss Annie, are at Jacob J. Kohl's. They are of Columbia Lancaster Co., Pa. S. C. S.

MID-SUMMER WEDDINGS.

Bruner—Welty.

Miss Sara Welty, daughter of Mr. and Mrs. Thaddeus Welty, and Guy Bruner, son of Mr. and Mrs. P. M. Bruner, both of this place were united in marriage on last Wednesday, Aug. 8 in Cumberland, Md., Rev. Wm. Barnes of Centre St. Methodist Episcopal Church of that place performing the ceremony.

Weaver—McMaster.

On July 26th at Bonneville by Rev. Edward A. Burhart, Curtis A. Weaver and Miss Mary McMaster, both of Bonneville.

Reindollar—Shuey.

On Aug. 1 at Littlestown by Rev. F. S. Lindaman, Chas. E. Reindollar of Union township and Miss Carrie A. Shuey of Littlestown.

Wilson—Hoerner.

On Aug. 7 at Mechanicsburg by Rev. Thos. C. McCarrill, in the presence of a number of friends, and Gettysburg being represented, Critchton Wilson of Harrisburg, a civil engineer who had charge of sewer building here for a short time, and Miss Lyle Georgie Hoerner of Mechanicsburg were married at home of the bride.

Congressional Conference.

The Conferees of Adams and York will meet at York on Thursday to nominate a Democratic Candidate for Congress. York County Chairman J. H. Stewart addressed a letter to Adams County Chairman S. Miley Miller last week. The latter replied and the above day and place was agreed upon. Hon. Chas. H. Duttera, J. L. Butt, Esq. and George W. Schwartz the Conferees of this county will be on hand to meet the York County Conferees and the indications are that it will be a love feast and that a nomination will be agreed upon at first session. According to rumors, while a first ballot may be scattering for complimentary reasons, a second ballot will give the nomination to the choice of York County. Unless all rumors are without foundation expectations are that Horace Keesey Esq. of York will be the nominee.

SOCIAL AND PERSONAL.

—J. Fuller Black and wife of Balto., Md., are visiting Mr. and Mrs. David McGugan and family.

—Robt. McGuigan and Samuel Weigandt started on a trip last week and will take in Atlantic City, Philadelphia, Wilmington and New York.

—Capt. Wm. McG. Tawney, wife and fifteen members of Co. B, 6th Regiment, Sons of Veterans Reserves attended the Brookside picnic, York Co. on last Saturday.

—Jack Crapster, of Taneytown, grandson of Dr. J. W. C. O'Neal, has won a scholarship at Maryland Agricultural College.

—Mrs. John Brehm is on a visit to her home at Chambersburg, upon her return Mr. and Mrs. Brehm will go to house keeping on Carlisle St., in house recently vacated by Dr. Mayo and wife who have gone elsewhere.

—Mrs. J. Edward Plank and son David returned yesterday from their sad errand to Tenn.

—Dr. David Wills of Washington, D. C., is on his annual visit to relatives and friends here and Mummashburg. The Dr. looks as though his annual visits will keep up for years to come.

—M. A. Garvin has returned to as conductor on the Gettysburg and Harrisburg Rv. Co. after an absence of six months by injuries received in a wreck.

—James Van Cleave of Okaboma City is visiting his mother and sisters on Baltimore Street. He will be accompanied home next week by his wife and daughter who have been visiting Mrs. Van Cleave.

—No services will be held in St. James Lutheran Church next Sunday.

—Miss Gertie Gruber spent the past month with her friend, Miss Dora Frommeyer.

—Misses Hilda and Alice Waters from Washington returned after a visit to "Blackwood."

—Miss Elizabeth Hoppe has returned to her home in New York after a visit with Miss Dora Frommeyer.

THOUGHTS AND THINGS

WITH A SONG OF ONE ALWAYS LOOKING FOR BARGAINS

A Story of Human Interest of a
Citizen Who Only Cared For a
Bargain in Railroad Stock.

The Bargain Fiend.

She bought her dresses at bargain price.
Marked down to the lowest scale.
She would leave her parents and home
and friends.

To attend a bargain sale.
Her home was stocked with bargain
blinds.

In chairs and in bric-a-brac,
And not a bargain she ever heard.
But straightway was on its track.

She always lunched at the free-food
shows.

And she went away in the times
When hotels put down their rates to
catch.

When dollars were scarce, the dimes,
She married in summer because the
trips

Gave a bargain wedding tour,
And she bargained straight through
the honeymoon.

Till it grew quite inane.

She won't be happy unless she knows
When her moment comes to die,
They'll get her a funeral at bargain
rates.

Fit for expenses high
And the heaven she wants it is very
plain:

I'm sure her spirit carps
Unless it can revel in bargain sales
Forever in halos and harps.

"Baltimore American."

Behind many a short formal news-
paper item is hidden, an absorbing
story of human interest. Oftentimes
it is so well hidden that it can not be
discovered. The story may only be
known to a few and they have reasons
for not talking. The newspaper man
is ever after these stories of human in-
terest for they illustrate what human
life is.

If the COMPILER reader will turn to
the Register's notices published in
another column this brief item will be
found "56. The first and final account
of J. U. Neely, executor of will of
Joseph Banty, late of the Borough of
Fairfield, Adams Co. Pa. deceased."

This is the last act in closing the es-
tate of a former citizen and the build-
ing of that estate reads like something
heard or told out of a book.

Who was Joseph Banty? He was a
quiet and contented citizen of Fairfield
the many years of his life for he had
almost reached the age of four score
years when he died in spring of 1905.
He lived at peace with his neighbors.
He gave his community little cause to
talk about him as he did not push
himself forward. Many persons in
other parts of the county, if they heard
his name, may have remarked "didn't
know there was anyone of that name
living in Fairfield." As far as known
he was the only one of that name in
county when he died. He was mar-
ried but his wife preceded him to the
grave. Two sons were born to them.
One entered the Army during the
Civil War. He was among the host
of men who disappeared in the awful
carnage of that war, disappeared as
the unknown killed in battle and the
only fact known to the home people
was that the son never returned, they
never heard from him. The other son
went westward to grow up with the
country and he passed away in the
state of Washington several years be-
fore his father died, so Joseph Banty
was last of his immediate name.

What distinguished this life of Jo-
seph Banty? That's what we are con-
sidering to. He did not inherit means.

He was a carpenter by trade, but gave
up work in mid life before he was
thirty years old. He lived retired for
the past 30 years or more, yet his es-
tate being closed up is worth in
round numbers forty thousand dollars.
It was not made up of lands, for the
only real property he owned was his
residence which sold for a little less
than \$1000. It was not in household
goods for they brought less than \$100.
It was not in money for he had none
in bank or in his home. The only
thing that was the bargain of his life
was the capital stock of the Penn-
sylvania Railroad Company and of the
Lehigh Valley Railroad Company, for
he was the absolute owner of 272
shares of the former and 270 shares of
the latter. These stock at his death,
or to-day would sell for nearly \$40,000.

How did Joseph Banty get these
stocks? As a carpenter he was not
what is called a contractor in these
days. He lived in an age when what
a carpenter made was days' wages.
He began the making of his wealth
with hard labor and he counted not
what he spent but what he saved.
When he had saved his first earnings
the question was what to do with the
money. He talked the matter over
with Peter Shively and Squire Wilson,
the Pennsylvania railroad and the
Lehigh Valley railroad were in their
infancy but something of their destiny
was seen and felt. Joseph Banty was
advised to put his spare money into
the stock of these roads. He did as
he was advised and kept on doing it
as long as he lived. It is said to have
been a small beginning with a few
shares in each company. All the
money he had to invest. His faith in
these railroads kept growing. He did
not seek investments elsewhere. He
pinned his faith to them and put all
his money into them as regularly as
others make deposits in bank. It is
said he would save the dividends and
add to them the savings of his work
and the money would be sent away to
buy Pennsylvania and Lehigh Valley
railroad stock. He had the advantage
of acquiring some of it at par and
whenever new issue of stock was of-
fered old stockholders he bought all
he could. He lived economically, his
wants were few. He bought as fast as
he was able what he wanted, these railroad
stocks, a few shares this year, a few
another year. He did not have his
large holdings by time he was fifty.
He however had a portion of it, enough
so that out of the dividends he could
live and save to buy more stock. At
his death the annual dividends in
semi-annual payments amounted to
\$1580 and undoubtedly each year in
the latter part of his life the larger part
of these dividends were used to buy
more stock. At no time it is said did
he let go his faith in these railroads
nor did he seem to prefer one to the
other. If he purchased the stock of
one road one time, on the next pur-
chasing he evened up with a purchase
of stock of the other road. At his
death it was 272 shares of the Penn-
sylvania as against 270 shares of the
Lehigh.

Now what? Joseph Banty made a
will. He had four grandchildren in
the state of Washington. He refers to
them in his will as my son Henry's
children. He gives to them his rail-
road stock. It is evidently a family
trait to believe in the Pennsylvania
and Lehigh Valley. These grand-
children didn't want the money these
stocks represented, they wanted the
stock. The executor, J. U. Neely, has
arranged to give them what they want.
He did not sell a share of it, but will
turn over to them the accumulated
growth of a lifetime buying of these
stocks. Isn't it an absorbing human
story.

The Tailor Knew.

"I should like," the man cautiously
explained to his tailor, "to have a little
pocket, a very, very small pocket, one
you could hardly see, you know, put
somewhere, say in the hem of my
trousers or in the waistband, eh, where
it couldn't be so easily found. You un-
derstand?"

"I see," said the tailor. "You are
married now?"—Chicago Inter Ocean.

Sailors' Knives.

Sheath knives that most sailors carry
with them are, it is said, so highly mag-
netized as to be capable, if brought
within eighteen inches of the compass,
of deflecting the needle two points
either way. It is suggested that no
man should be allowed to wear one
of these knives while steering a vessel
or while on the lookout in the bridge
house.

FINGER FELONS.

There Are Three Varieties of These
Very Painful Sores.

A felon, in addition, is an inflamma-
tion of the last joint of the finger, usually of
the last joint of the finger. Its impor-
tance varies with the seat of it—that is
to say, with the portion of the finger
involved. It may affect the skin only,
the tendons or sinews or the fibrous
covering of the bone—the periosteum.

A superficial whitlow, where the in-
flammation is confined to the skin, may
be extremely painful, but otherwise it
is not a very serious matter. But this
cannot be said of the other two forms.

In the tendinous whitlow pus forms
in the fibrous sheath surrounding the
tendon, and unless the inflammation
quickly subsides or the matter is let
out by the surgeon's knife the pus
may burrow down through the sheath
into the palm of the hand and result in
a permanent crippling of the member.

The third variety—called by phy-
sicians the subperiosteal—is that in
which matter forms beneath the mem-
brane which covers the bone. As this
membrane is tough and imelastic the
tension due to the increasing volume
of matter becomes very great and gives
rise to a throbbing, maddening pain.

The relief afforded by a deep cut into
this inflamed finger, right down to the
bone, is marvellous, although the cut
heals. This is the only treatment for
this form of felon, and the incision
should be made early, for if it is too
long delayed the bone will be killed
and a discharging sore will remain
which will later necessitate a surgical
operation even if it does not result in
the loss of the last joint of the finger.

The superficial whitlow does not
usually call for such radical treatment.
A clay poultice often affords great re-
lief. This may be made by making a
paste of clay previously sterilized by
holding in a very hot oven and adding
glycerin to prevent too rapid drying, or
the clay may be obtained ready pre-
pared in the drug store. This protects the
finger from injury, keeps it cool and, if
applied early enough, may prevent the
formation of matter. When once pus
has formed, however, no matter what
the variety of the felon, the safest plan
of treatment is to cut into the inflamed
finger and give exit to the confined
matter and relieve the tension of the
parts.—Youth's Companion.

CARE OF CANARIES.

A piece of cattle bone is needed al-
ways, and now and then a lump of
sugar.

Guard the cage from draft, from ex-
posure to cold at night and also from
too much heat.

Canary seed principally should be
given, though now and then a little
rape seed is beneficial.

Do not use a painted cage. The bird
will peck the cage more or less, and the
paint thus imbibed is very injurious.

The larger the cage the better it is
for the birds, and if not new it should
be scalded and well dried before put-
ting them into it.

Avoid frightening the birds in any
way. It is very easy to have them
know you and welcome your coming,
but they do not like to be handled.

The cage should be thoroughly clean-
ed every morning, placing a piece of
clean brown paper, not newspaper, on
the bottom. Perches should also be
washed daily.

The Best Weight Guessers.

Butchers are the world's best weight
guessers. The butcher's difficult trade
gives him a skill in weight guessing
that is almost incredible. It is a com-
monplace thing in a meat shop to see a
butcher seize hold of a huge red round
of beef and slash off with a great knife
four pounds just, or two and a half
pounds just, or six pounds just, ac-
cording to the order. The buyer of
meat wants to get the weight he asked
for, no more and no less, and he wants
this weight in one piece, not in one big
piece and two or three little ones. To
satisfy the buyer the butcher has been
compelled to acquire extraordinary
skill in judging just how much a cer-
tain portion of a round of meat weighs
and in cutting off that portion smooth-
ly and accurately.—Cincinnati En-
quirer.

Most Nutritious Food.

Taking all the ordinary foodstuffs,
the one which would best fulfill the re-
quirements of life and strength would
be substantial slices of whole meat
wheat bread, eaten with crust and
spread with good butter. Practically
all the constituents necessary for the
support of life and the building up of
tissue are contained in this food. It
has the further advantage of being ex-
tremely satisfying. If fresh milk or
buttermilk were drunk with it an al-
most complete diet would be obtained,
so far as the mere sustaining of phys-
ical health and strength was concerned.

Undermined Streets.

A modern city's experiences with un-
dermined streets are not unique. More
than three centuries ago Bristol, Eng-
land, had to face a situation somewhat
similar. On his visit there Pepys re-
ported that the only carts allowed in the
streets were those that could be drawn
by dogs, for Bristol had dug cellars be-
neath her streets and stored her wealth
there in—rum, tobacco and Bristol milk,
the sherry that is still mysteriously
tapped.

Sidney Justus, fruit dealer, of Mentor,
Ohio, says: "I was cured by Doan's
Kidney Pills of a severe case of kidney
trouble of eight or ten
years' stand-
ing. I suffered
the most severe
backache and
other pains in
the region of
the kidneys.
These were es-
pecially severe
when stooping
to lift any-
thing, and often I could hardly straighten
my back. The aching was bad in the
daytime, but just as bad at night, and I
was always lame in the morning. I was
bothered with rheumatic pains and drop-
sical swelling of the feet. The urinary
passages were painful, and the secretions
were discolored and so free that often
I had to rise at night. I felt tired all
day. Half a box served to relieve me,
and three boxes effected a permanent
cure."

ECZEMA AFFLICTS WHOLE FAMILY

Father and Five Children Suffered for Two Years With Terrible Eczema—Home Remedies and Medicines Gave No Relief—Mother Expresses Joy at

WONDERFUL CURE BY CUTICURA REMEDIES

"My husband and five children were all afflicted with eczema. They had it two years. We used all the home remedies we could hear of, without any relief, and then went to a physician and got medicine two different times, and it got worse. It affected us all over except head and hands. We saw Cuticura Remedies advertised and concluded to try them. So I sent for \$1.00 worth, consisting of one cake of Cuticura Soap, one box of Ointment, and one vial of Pills, and we commenced to use them. I do not know how to express my joy in finding a cure, for two of my children were so bad that they have the brown scars on their bodies where they were sore. If it will be of any benefit to you, you can publish my letter with pleasure. Yours truly, Mrs. Maggie B. Hill, Stevens, Mason Co., W. Va., June 12, 1905."

COUNCIL WORKS FASTER

COUNCILMEN PREFER TO KEEP MUM THAN VOTE.

Sewer Inspection—Hackmen Must Display License Tags—Hitching Posts—Old Gas Posts.

The COMPILER's comments about business methods of the Town Council seem to have made some impression on the Town Fathers. At their meeting on Tuesday evening of last week, they moved quite lively, disposing of a good deal of business in a session of an hour and a half.

It is true they were a little slow in making and wording motions. President Gilbert would help the thing along when it looked as though it was going slow by a suggestion that he would entertain a motion for this or that. The cue would be taken, a motion put. It would take a minute or two occasionally to get someone to second the motions and the matters to get to vote.

There seems to be a prevalent notion in the minds of the Town Fathers, that the councilman who makes or seconds a motion stands for the motion and is bound to support it. Evidently this notion holds them back. The notion is an erroneous one. If they fell to with their motions, seconds and discussions, why the business could be quickly disposed of favorably or otherwise.

They did not seem however to go about voting along any better lines. A tally was kept on the voting and never more than two or three could be detected voting when ayes were called for, generally the councilman who had made motion and another, occasionally a third. Once the President jerked out, "Oh vote!" then it seemed all of them voted one way or another. On another motion one voted aye, another no, and the latter wanted to know how a motion was declared carried when it was a tie of 1 to 1. The situation was solved by a third declaring that he had voted affirmatively.

President Gilbert called meeting to order at 8 o'clock, Councilmen Oyley, Culp, Wiernan, Hammond and Wisotzkey present. Beck dropped in and stayed a few minutes. Minutes were read and approved.

A. B. Plank was present and desired to know what he was wanted for in matter of sewer inspection. Councilman Wisotzkey said he wanted to know what had been done in the matter of inspection, traps, etc. He knew connections had been made without traps. Mr. Plank said sewer permits were issued and connections made before he was informed or knew anything about them. In a general discussion it was agreed that a blank should be prepared and this would have to be taken to the inspector and no connections could be made until he had inspected it and endorsed the permit. Mr. Plank said he had made a number of connections and in every case found the sewer working perfectly. The matter of getting sewer regulations into force was put into hands of Ordinance Committee to prepare blanks, etc.

A letter was read from C. A. Stoner complaining of water in alley back of Episcopal church. With remark that other alleys were in like condition, matter was placed in hands of Highway Committee.

A motion was made that policemen arrest every owner of a hacking team who does not display a license tag. In the discussion it was said there were lots of teams without tags and a number that had not been licensed. The hackmen said tacking a tag on conveyances injured the latter. Councilman Oyley said the tag was too small, it should be a large one so policemen could see it. It should be as large as an automobile tag and hung on the vehicle. It was agreed that not to put on the tags was def-

ANY FOOL

Knows enough to carry an umbrella when it rains, but the wise one is he who carries one when it is only cloudy.

Any man will send for a doctor when he is sick, but the wise one is he who adopts proper precautionary, preventive and curative measures when first appear the ills which, if unchecked, grow into serious illness.

Impaired digestion and nutrition are generally the forerunners of a nervous or functional breakdown. Nature has provided remedies most abundantly for all such conditions in our native medicinal plants. With the use of chemically pure glycerine, of proper strength and at a proper sustained temperature, Dr. Pierce extracts from Golden Seal root, Queen's root, Stone root, Black Cherrybark, Bloodroot and Mandrake root, medicinal principles which, when combined in just the right proportions, constitute his widely famed Golden Medical Discovery. It restores the tone of the stomach, the activity of the liver and the steadiness of the nerves, pouring vitality into the blood till the once sick and debilitated one is so renewed in health, strength and power that he can resume his work, whatever it is, with vigor and elasticity.

All medical authorities, of whatever school, agree that Hydrastis, or Golden Seal—one of the essential roots in the make-up of Dr. Pierce's Golden Medical Discovery—is of very great value as a pure tonic, and as an alternative—valuable in chronic affections of the stomach, intestines and bladder.

Not only the Original but the best Little Liver Pills, first put out over 40 years ago, by old Dr. R. V. Pierce, have been much imitated but never equaled, as thousands of cases of concentrated and refined medicinal principles, extracted from the roots of American plants. Do not eripe. One or two for stomach corrective, three or four for cathartic.

ing the authorities and motion to arrest carried.

Councilman Beck said Telephone Co. complained of a guy wire being cut several times and as this was dangerous, attention was asked to it. Highway Committee were to see whether it was on public ground.

Councilman Wisotzkey said the Property Committee had decided not to paint the engine house in July but would attend to it in August. A sealed bid handed to council was not opened until matter was ready to be taken up. The matter of leak in roof of engine house was referred to Property Committee.

Councilman Hammond made report for Highway Committee saying certain streets, Carlisle, York, Chambersburg and others had been cleaned and were being put in order. They had put down crossing at Alleman's alley on Baltimore street, fixed crossing at Lightner house on East Liberty street, repaired alley crossing on East Middle street, and a curb on West Middle street. They then struck the Chambersburg pike on Buford avenue and commenced to clean up street and gutter and citizens got after them. An 18 inch pipe had been put down in gutter a short distance and citizens said the water would be backed and flood their properties. Councilmen were of the opinion that if a certain drain box running from the milk station was taken up and gutters cleaned that water would run off. It was left in hands of Highway Committee to fix street with power to remove box if necessary.

The Highway Committee said some crossings were needed in outskirts of town and the idea was to put down good crossings at Middle street at court house and on High street at Capt. Martin's and then use old crossing elsewhere. Motion carried to put matter of proposed crossings in hands of Highway Committee.

The Highway Committee also reported that as soon as streets are in shape the big pile of stone at quarry will be crushed and put on street. The stone Fehr & O'Rourke were to furnish had been received and councilmen approved of putting Mt. Holly sand on the stone.

Councilman Wisotzkey asked Highway Committee what had been done about opening West High street. It was said Thad. Warren would take \$100 for his land with a number of conditions. It was agreed to put viewers on it. Borough Attorney said under recent law there would have to be an ordinance to open and matter was placed with Ordinance Committee to prepare ordinance and then put viewers on street.

Hitching posts were discussed and attention drawn to ordinance prohibiting hitching posts beyond curb line unless council gives consent. A number had been recently taken down on Chambersburg street by borough authorities and a motion carried that Highway Committee be instructed to take down all hitching posts on streets on which trolley runs.

The old gas lamp posts came in for a share of condemnation in a progressive town, they were of no use. If town went back to gas other posts would have to be erected. So a motion carried that property committee sell the posts to highest bidder, buyer to remove, close up holes and repair pavements.

There was some talk about painting the street signs at corners, which have become so rusted that no stranger could make out the name of streets. It was explained that to get help on streets the men must be paid every two weeks and it was understood that this would be done in the future.

It was stated that Robt. Elliot claimed there had been a mistake of \$2 in calculating his borough tax and a motion carried that Secretary should examine the figures and if error was found to make order to refund the same.

Councilman Culp said it was a shame that citizens who had been ordered to make pavements had made no movement to comply. There were pavements on York street that should be made. Other Councilmen expressed themselves along the same line.

Councilman Hammond said the Borough payment had been repaid by Highway Committee and toll was in hands of attorney to collect. A motion carried that Highway Committee advertise for bids for making such pavements owners have had legal notice to make the same.

Attention was called to fact that no poll tax for 1906 had been paid and police were ordered to count and inspect all places and the matter of tax be placed in hands of Attorney to collect.

was then duty to find out how much could be collected, and to do that, they must go ahead until a conclusion was arrived at. There was some talk of an appeal and borough attorney was authorized to employ additional counsel if he saw fit.

Report of Burgess.

Burgess Shybaugh reported following collections:

Hack licenses from 35 persons	\$306 00
General license	50 00
Sewer permits	5 25
Building permits	3 50
Fines	8 75

The general licenses were to 50 or more fakers and ran from \$1 to \$6. The sewer permits were to P. M. Misher, Mrs. J. W. Garlach, Levi Munner, H. C. Lackner, M. E. Stallsmith, H. L. Snyder and J. G. Slonaker.

The building permits were to M. E. Stallsmith for Court House addition, Wm. H. Johns for ice plant and the bottling works, John E. Hughes, H. L. Snyder, H. C. Sanders and J. G. Slonaker.

Modest French Salaries.

Figures recently showing the daily salaries of certain magistrates have astonished some of our readers. The judge of the Seine receives, in fact, \$2000 a year and the procureur of the republic 20,000 francs (\$3200). But in the small tribunals the salaries are as follows: Judge, 3,000 francs (\$4800); paid substitute, 1,500 francs (\$2250); substitute (juge suppléant), 800 francs (\$1200).

The Age of Fishes.

The age of fishes is seldom measured by a definite period of years. Most of them grow as long as they live, and apparently live until they fall victims to some stronger species. It is reputed that carp and pike have lived for a century, but the evidence needs verification.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

Mr. S. S. Ball, of Ravenswood, W. Va., says: "I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in our family."

Kodol Digests What You Eat. Bottles only \$1.00. Size holding 2 1/2 times the usual size, which sells for 50 cents. Prepared by E. C. DOWITT & CO., CHICAGO. Sold by L. M. BUEHLER. Ask for the 1906 Kodol Almanac and 300 Year Calendar.

THE "STAR" IS ILL.

The Democratic Convention gave the "Star and Sentinel" an awful attack of bitter bellyache. It didn't know what to do and raising its sick voice said the convention was "tame," "weak," and the enthusiasm "a squeak." The dose had caused inward disgust and it could only see the same thing outward and in its delirium cried "bosses" and "ring" and no doubt saw snakes of errors and blue devils of defeat. The "Star" says the resolutions passed were stereotyped, doubtless because of something new and unusual in the condemnation of the Republican Poor House management. A portion of the resolutions were declared "unfair, unjust and misleading in regard to some past public officials." The resolution in the matter of the Alms House scandal is the dose at the bottom of the illness of the "Star." Believing that there are some past public officials who do not deserve censure the "Star" prefers to let them go unnamed rather than uncover others who do not come in the list of "some." All this sickness and reticence calls for an expurgator, which the "Star" admits won't give. Why the "Star" won't even quote the resolutions it raves over. The Democratic Convention and County Committee call for an exhibition an! the more right the more votes for the Democratic nominees for Director of Poor.

LIGHTNING LIKES BARN SITE.

Arendtsville, Aug. 14.—During the thunder gust on Sunday the 5th lightning struck the rod on Andrew J. Bittinger's new barn in Menallen Twp., and passed down the rod without doing any damage. The barn on the same site was struck three times during the last few years. The old barn was burnt several years ago, it caught from a spark of a steam thrasher that was operating there.

FARMS EXCHANGE HANDS

Two Taverns, Aug. 14. Allen Fisel has torn away his house preparatory to erecting a new one, having already the cellar dug out.

Mrs. Howard Miller sold the farm of about 60 acres to John Miller at public sale for \$500 subject to judgments, the property was purchased last spring by Howard Miller, who in all probability would have been able to pay for it in a few years if he had not been killed by Eyler last Decemoration Day.

Martin Stagle of Mt. Joy Twp. has purchased from Harry J. Topper his property of 17 acres near Mt. Joy church for \$1620.

H. Allen Schwartzky has sold his store property and store goods to J. F. Newman of Littlestown, possession Nov. 1, terms private.

N. W. Stavelly of South Two Taverns has sold his farm of 40 acres to Howard Snyder.

Prof. C. Ross Appier and wife of the Boston Schools have been spending part of their vacation with U. M. Appier and relatives at Two Taverns.

Miss Jennie Collins of Newport News Va., is visiting in our midst, formerly her old home.

Mrs. Dessor of Balto., Md., is visiting relatives in this and York counties.

John Patterson of South Dakota is circulating some Black Hills gold in our midst, looking young as 5 years ago.

Some good yields of wheat are coming from recent reports of thrashing at Two Taverns. M. E. Snyder's crop averages 25 bushels per acre, J. E. Orndorff reports 25 and others nearly as large, this is certainly a very good average.

The supervisors of Mt. Joy Twp. have had the hand boards newly

painted and repaired. They make a fine appearance.

St. Mark's church have received their new bell and placed in tower, soon ready for use.

A Month's Medicine for 25c.

Every bottle of Dr. Howard's specific for the cure of constipation and dyspepsia contains sixty doses of a remedy that is pleasant and easy to take.

Used according to directions, this is sufficient for a month's treatment. Bought on L. M. Buehler's special half-price offer of a regular-sized 50 cent bottle at half price, you get a month's supply of the best medicine in the world, for only 25 cents.

Many lives are lost by treating the sick for the wrong disease. If you have any of the following symptoms, Dr. Howard's Specific will cure you: Loss of Appetite, Sick Headache, Distress in Stomach, Sour Stomach, Great Mental Depression, Belching of Gas, Bloating of Stomach, Heartburn, Tired, Stupid Feeling, Lack of Energy, Specks before the Eyes, Constipation.

There are hundreds of people in Gettysburg who are praising this remarkable remedy for restoring them to health. Many of them thought their case incurable, but as Druggist Buehler told them Dr. Howard's Specific would cost them nothing if it did not help (they to be the judge), they decided to use it, and are today in the best of health.

"Prayer Chain" a Hoax.

The "prayer chain" said to have started by Bishop Lawrence of Mass. is declared by him to be a hoax. It is believed to have been started by some demented or mischievous person and is calculated to create fear or make mental uneasiness for those who would permit such a thing to prey upon their minds. Every one who may have been in the chain should unite to break and stop it and save others from the fears it might create. Letters in the chain have reached this place. The prayer itself is harmless, but at its close it is stated that he who will not say it will be affected by some misfortune and he who will rewrite it will be delivered from all calamity and that one person who paid no attention to it met with a dreadful accident. The directions are to rewrite prayer for nine days and distribute it to nine other persons, one each day.

Mrs. J. J. Wolf of Abbottstown recently fell and in trying to save herself struck her right hand against a nail protruding from a box and tore a gash in palm of her hand requiring seven stitches to close.

Mrs. Michael Livingston of Mount Pleasant township, by a misstep fell while descending the cellar steps, cutting a large gash in the back of her head and receiving other bruises.

The large dog of Miss Elizabeth Keller of New Oxford can not be kept from attacking people. Last week Mrs. Wm. Hensel of that town was attacked, the dog springing on her back and catching her by the shoulder. She was not hurt but was frightened and New Oxford is wrought up by the repeated performances of this dog.

McSherrystown it seems is going to keep two courts busy. In the court of Justice Dr. Geo. L. Rice last week Edward Hertz and Harry Baubitz of Hanover were each fined \$6 for drunken and disorderly conduct. They had driven recklessly through the town, their teams collided followed by a noisy exhibition. Later these same parties were arrested for cruelty to animals and taken before the same justice and had to each pay a fine and costs of \$12.85. The case of Wm. Thaly vs. S. L. Johns to recover wages before Squire Rice, was dismissed after hearing.

Squire Lilly heard case of Vertie McKouly vs. Ezekiah McKouly for a board bill and clothes for a child and gave judgment to plaintiff for \$6. He also heard the case of the L. M. Allen Hardware Co. of Gettysburg vs. Mrs. H. L. Miller of East Berlin, for goods alleged to have been sold and delivered. After several witnesses were heard case was settled. W. C. Sheely, Esq., representing plaintiff and Dr. F. C. Wolf of East Berlin, the defendant.

THE BIG HANOVER FAIR.

Big Attractions and Good Racing Promised for This Fall's Exhibition

The agricultural fair to be held at Hanover this fall by the Hanover Agricultural Society will be the twenty-second on the society's beautiful grounds; and remarkable to state, that notwithstanding unfavorable weather on some occasions, not a single fair was a financial failure. This is owing to the high character of the exhibition and the enterprise of the managers in providing for good racing and the latest and best free attractions that can be secured.

The fair this fall Sept. 11-14, promises to be a big one and to break the record for attendance and as an exhibition. The racing premiums have been increased to \$2700 and the track thoroughly re-constructed, ensuring a big field of fine horses. The attractions are of unusual merit comprising the Sisters Macarte, just from London, the only ladies in the world performing simultaneously on a tiny thread of silver wire, a most novel, sensational and thrilling performance; the Democella Trio showing the laughable adventures of democells in a big red hot cooking range; and for the children a noted animal show—Aptale's Bears, Monkeys and Dogs, with the only and enter on exhibition in the world. All these shows will be given free in front of the grand stand.

Given good weather, such a strong toll of attractions will no sure to draw an immense throng; and we are certain that all who attend the next Hanover Fair will be pleased and delighted.

FEZETA, scold head, lives, itches of the skin of any sort instantly relieved, permanently cured. Doan's ointment. At any drug store.

SOME PERSONALS.

Iron Springs, Aug. 10. Dr. R. McClell and Frank Watson took a trip to Pen-Mar and Waynesboro last Thursday.

Miss Lizzie Shindlerlecker who is employed at Baltimore, Md. was the guest of her sister Mrs. James Dick a few days recently.

John Bigham had good crops of wheat oats and rye this season. He threshed last week and the yield in the number of bushels of each ran high.

On the 2nd, our community was blessed by a grand rain which refreshed all vegetation and will make lots of corn.

Edward Reese, Sr., made a business trip to Gettysburg on last Saturday.

Miss Grace McLeaf who had been spending some time with relatives at Kouserville returned home last Friday.

There are still 2 schools vacant in Hamiltonban Twp. Cold Springs and Mt. Pleasant. Applicants seem to be scarce.

Mrs. Emma Cluseman from Wingerton Franklin Co. spent several days last week with her sister Mrs. Eph. Sanders.

Origin of "the Levant."
Nowadays "the Levant" means solely the eastern Mediterranean region. But it really signifies the east in a general sense—the region of the rising sun, in fact—being derived from the French "lever," to rise. By "the high Levant" Bacon meant the far east. In the eighteenth century Chambers' Encyclopedia explained that "Levant" applied to any country to the eastward of one, and in this sense Evelyn wrote of "more Levantine parts than Italy."

Needless Suffering.
"Tommy," said Mr. Tucker, laying him across his knee and vigorously applying a large and muscular paternal hand, "it almost breaks my heart to do this."

"Then why don't you let me do it?" yelled Tommy.—Chicago Tribune.

Bad Luck.
"Do you believe in the bad luck of thirteen?"

"Do I? I was refused by twelve girls, and the thirteenth took me."—Stray Stories.

You may depend upon it that he is a good man whose intimate friends are all good.—Lavater.

Best and Quickest Cure for all THROAT and LUNG TROUBLES, or MONEY BACK.

CHARLES MILLER of Bermudian has had a well drilled at his new barn. Prof. Tyler, of Amherst college, said recently: "A man can live comfortably without brains; no man ever existed without a digestive system. The dyspeptic has neither faith, hope, or charity." Day by day people realize the importance of caring for their digestion; realize the need of the use of a little corrective after overeating. A corrective like Kodol For Dyspepsia. It digests what you eat. Sold by L.M. Buehler.

The potato crop was a failure in neighborhood of Round Hill.

There is nothing so pleasant as that bright cheerful at-peace-with-the-world feeling when you sit down to your breakfast. There is nothing so conducive to good work and good results. The healthy man with a healthy mind and body is a better fellow a better workman, a better citizen than the man or woman who is handicapped by some disability, however slight. A slight disorder of the stomach will derange your body, your thoughts and your disposition. Get away from the morbidness and the blues. Keep your stomach in tune and both your brain and body will respond. Little indiscretions of overeating can be easily corrected and you will be surprised to see how much better man you are. Try a little Kodol For Dyspepsia after your meals. Sold by L.M. Buehler.

The New Oxford Drainage Company has been formed and proposes to build a sewer system for that borough.

In this state it is not necessary to serve a five day's notice for eviction of a cold. Use the original Laxative Cough Syrup, Kennedy's Laxative Honey and Tar. No opiates. Sold by L. M. Buehler.

Maternus Slusser, son of John Slusser of Mount Pleasant township, was in a boat on John's dam on Conewago Creek last week and passing under a wire he caught hold of it to hold boat fast. The party rowing, not knowing what had been done, tried to pull the boat up stream and the Slusser boy's hands were torn in an ugly way on bars of wire.

Greatly instantly relieved. Dr. Thomas' Electric Oil. Perfectly safe. Never fails. At any drug store.

DO YOU USE AN ATOMIZER in treating Nasal Catarrh? Then you will appreciate Ely's Liquid Cream Balm, the mildest, quickest, surest remedy for this disease. In all curative properties it is identical with the solid Cream Balm, which is so famous and so successful in overcoming Catarrh, Hay Fever and Cold in the head. There is relief in the first dash of spray upon the heated sensitive air-passages. All druggists 75c. Including spraying tube or mailed by Ely Bros., 36 Warren St., N. Y.

DIGESTION DECIDES IT.

Good Digestion More Than Half the Battle.

Life is a ceaseless struggle for success because success is supposed to insure happiness. Ambition and ability make for success, but without health too, failure is more than probable.

If the digestion is poor, the nerves unsteady, the blood thin, the weight less than it should be, and ambition and energy at low tide because of stomach trouble, failure is almost a certainty.

Whether you make much or little of life, whether you fail or succeed, your digestion largely decides it. So confident are the People's Drug Store that Peppicola Tablets will renew your energy, steady your nerves, drive away that tired feeling, give tone to the digestion, improve your appetite, bring up your weight to where it should be, put new color into your cheeks and new life into your stomach that they continue to sell this grand dyspepsia remedy on the money-back plan.

Have confidence. The guarantee absolutely protects you. The People's Drug Store will gladly pay back your quarter if at the end of ten days' treatment you have not been cured or decidedly benefited.

THE East Berlin Canning Company has been receiving car loads of cans, getting ready for the seasons work.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The Publisher's Claims Sustained UNITED STATES COURT OF CLAIMS The Publishers of Webster's International Dictionary allege that it is, in fact, the popular unabridged thoroughly re-edited in every detail, and is admirably adapted to meet the larger and severer requirements of another generation. We are of the opinion that this allegation most clearly and accurately describes the work that has been accomplished, and the result that has been reached. The Dictionary, as it now stands, has been thoroughly re-edited in every detail, has been corrected in every part, and is admirably adapted to meet the larger and severer requirements of another generation which demands more of popular philological knowledge than any generation that the world has ever contained. It is perhaps needless to add that we refer to the dictionary in our judicial work as of the highest authority in accuracy of definition, and that in the future in the past it will be the source of constant reference. THE GOORALS OF POLAND. Honest, Hospitable and Brave, but Obstinate and Quarrelsome. The character of the goorals has nothing in common with the humble peasants of the low country. In their good qualities and faults they rather resemble the proud noblemen of Poland. They are vivacious, honest, hospitable and full of pride, bravery and chivalry, on which one may always count. But their defects are grave. Obstinate and quarrels lead them often to bloody fights, the lack of thrift is frequent among them and superstitions haunt them at every step. They love nature and in their songs praise their gigantic peaks, spruce forests and the clouds and rain. They build their houses facing Tatra, which they constantly observe and consult about weather conditions. A gooral cannot live without his mountains, and if he sometimes leaves them homesickness will soon bring him back. They are very religious, but their Christian faith is mixed with old superstitions, and the Roman Catholic rites are mingled with weird, often very picturesque, usages which have their origin in the old Slavonic paganism. So, for instance, on St. John's night Solotka is celebrated by burning bonfires on fields and hills and by dancing, a festivity which in pagan times was held on the summer solstice in honor of Svintovit, the god of sun, fire and love. On Easter holidays from every house various kinds of food are brought into the church to be blessed by the priest, or the priest, accompanied by a sexton, goes to the house, where on a long white covered table cake, eggs and venison await his blessing. This is called swieczka. The table remains covered with food for a week to await all friends of the house that may come. The Polish tongue among the mountaineers has pleasant, soft inflections, and their dialect resembles the old Polish of the fifteenth or sixteenth century. The picturesque and practical costume of the goorals consists of a coarse linen shirt fastened with a brass brooch; a sordak, which is a sleeveless sheepskin jacket of a reddish color, richly decorated with applique ornaments of colored leather and silk embroidery and lined with fur; tight fitting trousers of coarse, whitish, homemade woolen cloth, and a cloak called tsula, worn usually over one shoulder. A black felt hat shaped like a mushroom and soft leather sandals complete a costume that weighs from thirty-five to thirty-eight pounds, but is a good protection against cold and the rain which in these regions is frequent, for twenty days in a month are at least drizzly.—W. T. Benda in Century.

Fort Saratoga. With the history of Old Saratoga the names of Schuyler and Livingston are closely associated. Fort Saratoga was built in 1690 by Major Peter Philip Schuyler, and around it grew up a small settlement which suffered many vicissitudes during the troublous times of the next hundred years. Lying on the thoroughfare from Canada to New York, this northern valley of the Hudson was always in dispute in the French and Indian war, and in the Revolution until the great battle of Saratoga—the first victory over which the American flag waved, and one of the fifteen decisive battles of the world. The actual battleground is several miles away from the settlement and is marked today by many stones recording the brave deeds of our American soldiers. The house still stands in which Arnold was confined as prisoner and from which he escaped in time to help turn the tide of battle toward victory.—Four Track News.

A Too Familiar Snake. Seeing snakes is a common experience with the inhabitants of India and one unconnected with any suggestions of bibulousness. An English nurse tells of a little boy who lived in the next bungalow to hers and had his bread and milk every day on the veranda sitting in a child's high chair. One morning, hearing him talking and crowing to himself apparently, she was paralyzed on looking out to see him gently tapping the head of a cobra with his spoon, saying, "Naughty, naughty." The snake was drinking the milk out of the bowl, paying no heed to the child. In that mysterious country the snakes may be heard rustling across the verandas and have an untidy habit of shedding their skins anywhere.

He Showed the Way. On the 16th of August, 1847, Colonel Michel Ney, duke of Elchingen, having received orders to charge, turned to his men and shouted to them in a voice of thunder: "My lads, I have an income of 200,000 francs, and you haven't a farthing. Keep your eye on your colonel as he charges, and do as he does." So saying, he rode off as hard as he could in the direction of the enemy. The whole regiment followed him as though electrified.

Modern Cannon. In modern high velocity cannon the pressure of the gases at the moment of firing generates tremendous heat. It is estimated that this heat runs as high as 8,000 degrees and even 9,000 degrees. The white hot gases eat away the steel lining of the guns in much the same way as streams of boiling water eat away a block of ice.

A Puzzle. Johnnie, Pa. equine is a horse, isn't it? Father Yes, Johnnie—And cow is a kind of an ox, isn't it? Father—Yes, a sort of an ox, Johnnie—Then that is an equinox?—Philadelphia Record. Politeness is a coin destined to enrich those who give it away.

The Kicking Cow Copyright, 1906, by Homer Sprague. "Sister, parson," said Aunt Hetty strong to her pastor, "I've come to prefer charges against Samuel Johnson. He's a class leader in our church, and yet he swears like a pirate." "I am sorry to hear that. When did you hear him swear and what about?" "He's been cursing night and morning for the last week, and it has always been when he was milking. He has pounded one of his cows in a dreadful manner three or four times." "I am going to Smithville today," replied the pastor, "and I'll stop and see Brother Johnson." That afternoon the pastor drove out and stopped at the farmer's. After some little conversation on other topics he introduced the matter of swearing. "I'm not going to deny it," replied the farmer as he grunted his teeth. "Yes, I have been swearing. I know it's wicked and that charges would lie against me, but I just couldn't help it. I expect to swear again this evening at milking time." "Is a cow mixed up with it?" asked the pastor. "Very much so. Two weeks ago I traded some hogs with a man over in Delhi for a cow. She's the worst kicker on the face of this earth. She has kicked me off the milk stool from one to three times every time I have tried to milk her." "And you have sworn?" "I couldn't help it." "And you have pounded her?" "I have tried to break her back." "I am sorry, brother Johnson—very sorry. You must expect to be tried in this world, and you must expect to rise superior. Swearing and cruelty to animals is altogether un-Christianlike. I presume you have heurtyly repented?" "I won't admit that I have," answered the farmer in stubborn tones. The pastor shook his head and clasped his hands and looked up at the ceiling. By and by he said: "I think you need an object lesson in patience and kindness. Brother Johnson, and I guess I will stay to supper and milk that cow myself." "By John, but I'll put a bag of potatoes into your buggy if you will! Yes, and if you want to criticize me after the milking I won't say a word beyond begging your pardon." Three hours later the farmer and the pastor approached the barnyard to do the milking. The kicking cow was the most humble and demure of the three cows in the yard. There was self abnegation in her pose and timidity in her eye. The pastor studied her for a couple of minutes and then wondered if Brother Johnson hadn't been tapping a barrel of old cider. "That's the critter," said the farmer as he pointed her out. The pastor approached and stroked her and had a few kind words to say. His look grew complacent as he did so. He was almost beaming as he placed his stool and sat down and began work. The cow stood like a statue. There were flies trying to get in their work on her hind legs, but she never even switched her tail. "Brother Johnson," was remarked after about five minutes, "don't you think you have been mistaken in this cow?" "Hardly ever, pastor." "Then I can't quite make it out. A more kind and gentle animal I never!" The cow swung with her right leg, and the hoof and all the weight behind it caught the good man full in the stomach and sent him rolling over and over. He lay gasping for breath for a moment, and when helped to his feet he leaned against a shed and said: "Brother Johnson, I seem to have been kicked by your cow." "Right you are, parson. Are you thinking of any swear words?" The parson smiled faintly. "Don't you want a fence rail to pound her with?" The parson smiled faintly some more and then said: "You might go across the road and ask Aunt Hetty to step over here for a moment. Tell her I wish to speak to her." Ten minutes later Aunt Hetty arrived. She expected the pastor was going to confront her with Farmer Johnson as to the swearing and pounding, and she turned pale and grew nervous over it, but she softly and kindly said: "Sister Strong, would you kindly sit down and milk this cow?" "Why, certainly," she replied. "This is the new cow Brother Johnson's been getting, and it's a shame the way he has sworn at her and pounded her around. As I was saying to my husband this morning, she's as quiet as an old sheep." The pastor and the farmer stood aside, and Aunt Hetty sat down with stool and pail. For three or four minutes the cow closed her eyes and seemed to dream of babbling brooks and grassy fields. Then she opened them and went to business with that right leg. A little extra steam was put on for the occasion, and Aunt Hetty went five feet beyond the pastor's record and was a full minute longer than he in recovering her senses. Her first exclamation was, "Darn that cow!" Her first move was to grab up a club. "Sister Strong, do you blame Brother Johnson for swearing at and pounding this cow?" asked the pastor. "Not by a darn sight!" she heartily replied. "And you—you don't want him church'd?" "Not unless he refuses to knock her home off and break her back!" "Well, I feel somewhat that way myself, and if you are willing we will discuss the matter of this morning and say a word or so about it. Thanks for your kindness in coming over and demonstrating, Sister Strong." M. QUAD.

LIVING ON AN ACRE. How It Would Help the Man of Family and Little Money. A family, with a modest house surrounded by an acre of good soil, even where the work has to be performed by members of the family who are occupied during the long hours of the day at various occupations, will produce almost everything used in the family. An acre of ground thoroughly well cultivated, with a little chicken yard as an adjunct, will reduce in a very material way the expenses of the family.

The Growth of Trout. Age, Food and Temperature Seem to Have No Bearing on Size. The Salvelinus fontinalis, which is currently but inaccurately called brook trout, was supposed for many years to be a small fish. Agassiz was largely instrumental in exploding this fallacy. It is not an uncommon thing for an angler with ordinary luck to get a six or seven pound trout of this variety. It is known that a trout may grow to weigh eleven or twelve pounds. There is, however, great difficulty in accounting for its variation in size.

Long Words or Short? Which shall we prefer in speech and writing? Almost everybody will vote for the short word, and almost everybody will be voting for the best candidate. The short words are usually the strong words. They make up in muscle and liveliness what they lack in size, says the Manchester Union. And they are readily in the eyes of men who have thoughts that they wish to lodge in other minds. A man who should run out into the street and yell "Conflagration! Conflagration! Conflagration!" when his house was burning would be thought to be making a jest of the affair. And so in all matters where ideas are to be handed out quickly and clearly—the short word has first choice.

Cockfighting Among the Greeks. The sport of cockfighting seems to have originated with Themistocles of Greece. When he was leading an army against the Persians he noted two cocks in a desperate battle. To stimulate the courage of his soldiers he pointed out the bravery of his birds, and having won his battle with the Persians, he ordered that an annual cockfight should be held to celebrate his victory. In England the records show that the first cockfight took place in 1191.

What He Meant. "Don't forget to visit the mystery show while you are in Europe." "Let's see, that's in one of the German cities, isn't it?" "No, it's in Bern, Switzerland. I refer to the international sausage exhibition."—Cleveland Plain Dealer.

BROKE RIGHT LEG AT ANKLE

BY FRONT WHEEL OF HAY WAGON PASSING OVER ANKLE

Den of Copperhead Snakes Found in a Pile of Slab Wood and all Killed.

Orrtanna, Aug. 13.—John Herring, recently had the misfortune of breaking his right leg at the ankle. He was assisting his son Mervin to haul hay and coming to a steep hill on road Mervin told his father to go up the bank, and when he would come along he should tap the offside mule. In so doing he slipped down the bank and the front wheel passed over his ankle, thus breaking it.

Snakes seem to be unusually plenty. One day last week near the residence of Peter Moritz in Franklin Twp. ten large copper head snakes were killed, nine of them were in one den in a pile of old slabs and sawdust.

One day last week J. Calvin Lochbaum killed a large rattlesnake measuring 3 1/2 feet in length having 12 rattles and a button.

The blackberries are plenty, yes more than plenty.

Some of our public roads are nearly grown up with brush, briars and weeds, bad, isn't it?

There will be preaching in the Orrtanna M. E. church on Sunday morning August 26, at 10 o'clock a. m.

The 2nd District Sunday School Convention held in the Orrtanna M. E. church on the afternoon and evening of July 31st was the most interesting of any held in District as yet.

By all means a good doctor should locate at Orrtanna. Many of the people living west and north from there, have from six to ten miles to go to get a doctor. Why Orrtanna itself affords one. Yes a doctor should locate there by all means.
